# JUNIOR ENTREPRENEURS

In this joyful club, young minds gather, interact and play board games (simulation of life) in order to enhance their entrepreneurial and life-skills which they need to become well balanced individuals and future entrepreneurs.

It's a time of fun and play embraced with extreme brain sport: Critical thinking & reasoning! Risk & resource management! Resilience & flexibility! Out of the box thinking! Just as important are the values the club instills: fair play, diplomacy, teamwork, collaboration and good sportsmanship.

# İKİNCİ YABANCI DİL

İkinci Yabancı Dil Kulübünde öğrencilerimiz 'Sürdürülebilir Ulaşım' ve "Plastiksiz Yaşam" ile ilgili çalışmalar yapar. Almanya, İspanya ve Fransa'da "Sürdürülebilir Ulaşım" ve "Plastiksiz Yaşam" ile ilgili yürütülen çalışmalarını inceler ve kendi ülkesi ile karşılaştırır. Çeşitli Video ve Etkinliklerle "Sürdürülebilir Kalkınma Hedefler"ine dikkat çekilir.

# DI – DESTINATION IMAGINATION

Destination Imagination is an applied learning system that encourages creativity, courage and curiosity of students through differentiated tasks open to development in the fields of STEM (science, technology, engineering, mathematics), fine arts and social responsibility.

DI participants, together as a team, understand the problem solving process, working with patience, flexibility and perseverance, ethical values; they learn to respect others and their opinions.

Teams have the option to share the solution they created during this process in a DI tournament. The aim of the club is to create inspiring opportunities for students to use their 21st century skills and creativity with different approaches.

Our range of educational experiences offers something for everyone. Explore our programs below. Then discover which is right for the young people in your life.

 <b>CHALLENGE EXPERIENCE</b>	 <b>EARLY LEARNING</b>	 <b>THE imagine exPerience</b>	 <b>ENVISION</b>	
Our flagship STEAM program is the world's premier creative competition.	Our noncompetitive programs will launch your youngest learners to new heights.	Our newest virtual experience embraces technology and pushes its limits.	A STEM experience designed to bring DI to underserved communities.	A four-day camp where students explore the intersection of science, art, and technology.

# MAKER

Maker Club dersinde öğrencilerimiz, yaratıcı düşünme becerileri geliştirmek adına algoritma yapısı öğrenecekler. Böylece sorunlara daha hızlı ve etkili bir şekilde çözüm bulacaklar. Ders içerisinde kullanacağımız Kodu Game Lab programı ile kendi hayal güçlerini kullanarak dijital oyun oluşturacaklar. Bu oyuna ekleyecekleri karakterleri de, oyun mekanikleri ve oyun oluşturma kurallarını göze alarak programlayacaklar.

# GAME DESIGN

## ENGLISH

If you are interested in learning more about designing board and digital games, game designing club is the place for you. We will learn game designing steps and apply them to make our own games to enjoy and learn in our club. We are going to plan and play digital games online. I am sure you are feeling enthusiastic about this club right now!

# WORLD ISSUES

This club will be held by Ms. Airhart and focus on the current issues students are facing around the globe. There will be a huge emphasis on the climate crisis, but we will also explore and discuss topics such as discrimination, racism, cyber bullying, and other environmental issues. This is a great opportunity to advance not only their English speaking skills, but also their critical thinking and debate skills. We will watch movies that address these issues and even take a field trip to help clean up and improve our own community! It will be fun and educational and hopefully motivate the students to help change the world.

# LITTLE ADVENTURES CLUB

This is a rotation club and will be held by Ms Özer. This club provides opportunities for children to enjoy listening to stories, reading and writing. Children will read different types of books, listen to/tell stories and talk about what they are reading. Sometimes they will also do other fun activities related to stories and books like playing games, singing songs, drawing pictures, making puppets, bookmarks or other objects related to the story they have read or told. After reading children will also tell us about the characters, important events in the book and if they recommend the book or not.

# GLOBAL CALL

This club will be held by Gökçe Öge, who is a Global Schools Advocate for the Global Schools Programme, an initiative led by the United Nations Sustainable Development Solutions Network. In this club students will be learning and also taking part in projects about the sustainable development goals, which are an urgent call for action to provide peace and prosperity for people and the planet. The club plans to give students the knowledge, skills, values and attitudes around sustainable lifestyles. The globe is calling for our help. Let's take action!

# ENGLISH DRAMA CLUB

Do you enjoy acting? If yes, English Drama Club is the place for you.

What do we do in the Drama Club? We have activities to build a team, to learn how to use our voice and bodies properly, to express ourselves by creating situations. We have events related to theater and we perform plays or musicals. Most especially we have a lot of FUN!!!!

If you want to be a star and have fun, come along and join the Drama Club!

# PUBLIC SPEAKING

The club will be done by Ms Liliya and will give students a chance to do individual and group research-based projects on general topics 5th graders can easily relate to, and also present those projects to their classmates, which will encourage the children to overcome the fear of speaking in front of groups of people and audiences. The club is a good place to develop all skills, especially speaking and listening.
