# YOGA and GARDENING

## with Miss JULIE

This month in Yoga Class we improved our flexibility and enjoyed longer meditation sessions. We practiced yoga in the garden and enjoyed the nature and fresh air.

In our gardening class we did some seed balls, learned how to draw animal shadows under the sun, did squirt painting with spray bottles, planted flowers in the garden and started our composting.

# OUTDOOR ACTIVITIES

During the short month we learned about camping.  
Fun was had by all.

# PHYSICAL EDUCATION (P.E.)

We played Children's Games  
from around the World.  
It was fun for everyone.

SEE YOU NEXT MONTH !
