Age 5 How the World Works

An inquiry into the natural world and its laws; the interaction between the natural world (physical and biological) and human societies; how humans use their understanding of scientific principles; and the impact of scientific and technological advances on society and the environment.

During the transdisciplinary theme of "How the World Works", we inquired into the depths of our solar system asking questions, making the learning process enjoyable and age-appropriate, combining inquiry-based methods with fun activities to spark curiosity and exploration.

So, here's all the exclusive updates on what we did during our English activities...

CHILD CENTERED LEARNING

EACH ACTIVITY WAS DESIGNED FOR STUDENTS TO USE THEIR DIFFERENT SKILLS.

STUDENTS PLAYED PLANET BINGO WITH NUMBERS THAT WERE WRITTEN ON THE PLANETS. THEY USED PLANET NAMES AND REPEATED THE NUMBERS.

STUDENTS EXPLORED CLASSROOM MATERIALS WITH BINGO CARDS. AFTER THEY FOUND EACH MATERIAL, THEY FOUND CLASSROOM MATERIALS IN THE CLASSROOM.

COOKING

TIME!

- Honey

THE POPCORN SONG

We popped popcorn and divided it into two. We made salty and sweet popcorn. You can enjoy it during a movie night too!

P.E AND OUTDOOR ACTIVITIES

The 5-year-old students played hide and seek and tag during outdoor games. During the PE activities, they did obstacle course training and worked on their balance in the gymnastics salon. They have been improving in their use of English. This is making learning much easier.
